WARDROBE

polytec's Wardrobe range comes in a variety of styles and finishes and is the quintessential ingredient when it comes to organising your possessions – or concealing them. **polytec** supplies a wide range of affordable wardrobe solutions that will suit all budgets. Choose from our decorative and durable Melamine board, striking Aluminium framed glass doors or the Ravine range.

New to the **polytec** Melamine range, the Woodmatt finish offers a subtle woodgrain embossing with an overall matt surface to look and feel like a true veneer, setting a benchmark in Australian made door and panel manufacturing.

polytec's Ravine range showcases the best natural touch timber surface lightly coloured with warm and inviting shades.

The Aluminium range provides the ultimate blend of design functionality and visual appeal. All Aluminium doors are inserted with laminated safety glass for a longer lasting finish and maximum scratch resistance.

At **polytec** we strive to provide beautifully crafted decorative surfaces of unmatched quality. With an outstanding array of colours, styles and finishes, the **polytec** range of products offers you the right surface for all of your storage solutions.

MELAMINE Woodmatt wardrobe range

9mm MDF available in 2700 x 1200mm.

16mm MR-MDF available in 3115 x 1200mm, and 2400 x 1200mm in select colours.

polytec swatches and samples represent a small area of the overall colour structure.

To view the large colour sample, visit www.polytec.com.au.

Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

Wardrobe in MELAMINE Antico Oak Woodmatt.

GREEN

polytec is committed to an eco-friendly and sustainable environment. It is an intrinsic part of the way we do business daily. Our decisions are made so that they have minimum negative impact on the environment.

Our product is manufactured from managed and renewable plantation pine, and on request can be purchased as Responsible Wood chain of custody certified. All **polytec** board products are manufactured from E0 or E1 MDF.

We manage waste responsibly through numerous recycling programs including aluminium and metals, used oils and timber waste is recycled back into energy. We subscribe to local government environmental initiatives and voluntary audits as well as our own internal Energy and Carbon Management Policy (ECM), which aligns with the Australian Government's Energy Efficiency Opportunities (EEO) program.

polytec doors and benchtops are Australian Made & Owned.

CARE

polytec do not recommend the use of Melamine products in a sliding or non-fixed application (hinged) unless the use of a mechanical stabilising system is fit.

Your **polytec** doors and panels are made from a Moisture Resistant Medium Density Fibreboard (MR MDF), but as with many wood based panels, they are not waterproof. Care should be taken to wipe up spills immediately, ensuring the doors are not exposed to high or continuous levels of moisture, steam and humidity.

polytec doors and panels should be cleaned by wiping down with a white damp soft cloth and warm soapy water. For more stubborn stains use a mild household cleaning spray. Always ensure you refer to the recommendations provided by the manufacturer of the cleaning product before use.

By following these simple steps you should retain a beautiful wardrobe surface for many years.

Visit www.polytec.com.au for specific care and cleaning information. Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au. **polytec** swatches and samples represent a small area of the overall colour structure, to view the large colour sample, visit www.polytec.com.au

The use of our current colour samples gives the colour and finish that a customer would expect to receive. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.
